## Language Arts

Our song for the week was, It's Shadow Time. We worked on the sound that oi and ue make. In the Wilson reading program, we focused on the letters m,n,a and c. Our popcorn word for the week was here. We learned about shadows and participated in some groundhog activities.

## Fine Motor

We worked on the letters H, K, L, U, V, W, W, Y and Z. We also worked on writing some words.

## Math

We are working on numbers through 30. The teen numbers can be especially difficult to name. If your child is having difficulty with single digit numbers, continue to practice those at home, prior to going above 10.
